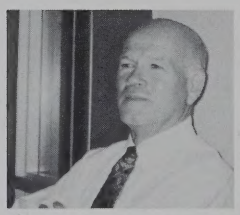
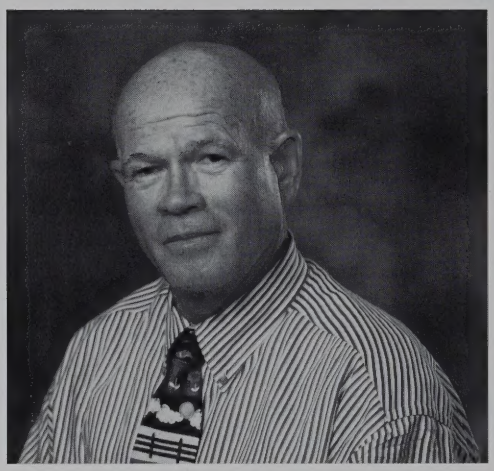
OUR NEW ADMINISTRATION

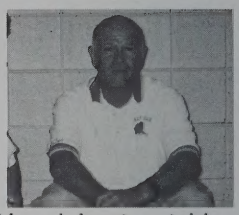


~He's watching over students like a hawk at homecoming~

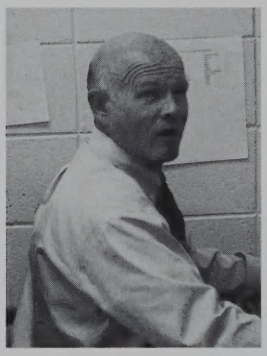


Mr. Bill Broadway

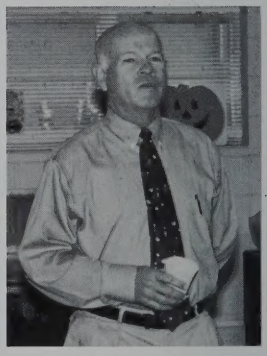
Principal



Hangin' out watching the pep-rally!



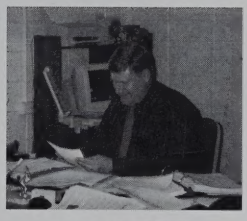
You talkin' to me?



Mr. Broadway has brought an atmosphere to Bay High School that has been overwhelmingly accepted by students and faculty. We now look at a principal as someone who comes into the classrooms "just to see what's going on" and stands in the hallways to meet and greet everyone. The students and faculty of Bay High School would like to send a warm and sincere "thank you" to Mr. Broadway for making us feel as if we can count on him for anything, and for making the saying "there's always a pal in principal" come true.

WRAPPED UP A GREAT YEAR!

HELLO!



ALL WORK.
NO PLAY.

Mr. Stan Partridge

Vice Principal

Mr. Partridge gettin' down with his bad self at the Armory!!!

It has truly been a pleasure to welcome Mr. Partridge to our Bay High family. If he could only know how good it makes us feel to hear someone tell us every morning that he hopes we "have a great day here at Bay High School"; only to find him shortly after, standing underneath the breezeway, smiling and greeting everyone that walks by at the class change. Mr. Partridge has brought a true feeling of sincerity to the campus, and we thank him immensely for that.

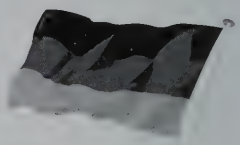
Carolin,mom,dad, & her American exchange student.



Carolin Kern

Carolin is 17 years of age. She lives in Putlitz, Germany between Hamburg and Berlin. When interviewed, Carolin told us that the German school systems differ greatly from American school systems. For example, schools in Germany do not have dress codes or pep rallies,and religion does not play such a big role in the lives of the students. Bicycles are used rather than cars for public transportation, and the prices in America are drastically lower, especially on clothes. When we asked her how she liked it here, she told us that it was a nice place to be. Carolin also told us that it has always been a dream of hers to travel to America.

This is a shield that represents her town.

Eighteen year old Hiroko came to us from a small town near Tokyo. When interviewed, she told us that everything here seems bigger than in Japan. When we asked her if she liked it here, she told us that she liked it very much. She also said that one of her reasons for coming to America was so that she could speak better English.

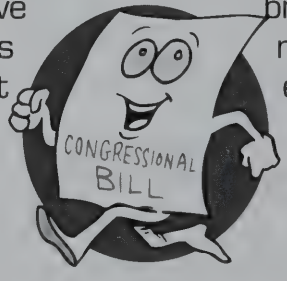
The purpose of the Legislative Branch is to give participants an opportunity to propose new laws and concepts or amend legislation that will benefit the citizens of Mississippi. It is also a chance to improve their public speaking skills and their understanding of current events. As with the actual Mississippi legislature, The YMCA Youth and Government legislative branch consists of both the Assembly and Senate chambers. As much as possible the legislative branch of Youth and Government emulates the real legislature.



NATIONAL HONOR SOCIETY

When the National Honor Society was founded in 1921, the National Council authorized and approved an official emblem. This emblem, as stated in the Society's Constitution, can be issued by a National Honor Society chapter only to duly elected active or honorary members. The emblem and other insignia should always be worn with dignity and pride. The official colors of the National Honors Society are blue and gold, and the Society's motto is *Noblesse Oblige*, a French phrase literally meaning nobility obligates. In broader terms, it signifies that those of high rank have the obligation to behave honorably, generously, and responsibly to others. The official flower of the NHS is the yellow rose.

"Membership in the National Honor Society is both an honor and a responsibility. tudents selected for membership are expected to continue to demonstrate the qualities of holarship, service, leadership, and character by which they were selected. Only active embers have a voice and vote in chapter affairs. The chapter adviser should be a faculty ember who has faith in the abilities of young people and who is willing to spend time with em to develop their potential. The adviser is familiar with the Handbook and has a orking knowledge of Society policies, as well as those of the school and the school district." ur chapter adviser Ms. Julie Meert is a shining example of all of these characteristics.

¡Buenos días!

The Spanish Club began their fall activities for the new school year with a field trip to Gautier to see Miguel Cervantes' play <u>Don Quixote</u>. During the fall, the Spanish Club participated in some of their yearly community projects which included the Thanksgiving food donation to a local family. Contributions and donations were also collected and taken to the local animal shelter. In the spring, some of the members visited Jackson to see the Spanish museum exhibit and competed in the National Annual Spanish Exam.

¡Adiós!

¡Hasta la vista!

Le Cercle Français

The French Club has taken on a much more service - oriented view this year. Just to be a member you must have participated in at least two communiy service projects. As well as giving back to their community, the French Club members expanded their knowledge of French culture by visiting different areas heavily influenced by the French.

Mr. Partridge gave blood!!!

This year has been one of the best years for S.A.D.D. ! They beat their goal that was made for the blood drive, had Judge Whitfield come speak to our school, and were very succesful in getting the "drug free is the way to be" message across to students. We all hope that next year they are just as productive!

To My Daughter Diana,

Congratulations on successfully completing yet another of the many goals and challenges that you will encounter in a lifetime. It is difficult find the right words to tell you how proud I am of you. I would simply like to offer the following for you to remember as you go forward in life.

"To believe in the future. Through their aspirations they will save the world. With their combined knowledge the turbulent seas of hate and injustice will be calmed. They will champion the causes of life's underdogs, forging a society without discrimination. They will supply humanit with music and beauty as it has never known. They will endure. Towards these ends I pledge my life's work. I will supply the children with to and knowledge to overcome the obstacles.

I Shall Teach.
Henry James

Not all those who wander are lost;
The old that is strongdoes not wither,
Deep roots are not reached by frost."

William Blake

"Age does not bring wisdom ... but it does give perspective... and the saddest persective of all is to see far, far behind you, the temptation you've passed up."
Jubal, 451

"You've got to do your own growing, no matter how tall your grandfather was."
Irish Proverb

I am very, very proud of you. Your Dad--David M. Dear, Sr.
P.S. When you graduate from college we can talk about that car.

Daughter Dearest,

Words cannot express to the fullest my feelings of pride and joy as you graduate this year. Thirteen years ago, I took my scared, shy little "Princess Di" to school for the first time. I cried inside because my little Di was growing up.

In spite of the years of moving and going from school to school, You adjusted and conquered! You have grown from a shy, timid little girl and blossomed into a beautiful and confident young lady who will conquer anything she sets out to do. You have proven the hard work, dediction and perseverance does pay does pay off in the long run. I have every confidence in you that no matter what life brings you that you will SOAR like and EAGLE!! You will always be my "Princess DIANA."

Now I cry again, but tears of joy, for you are our future.

Love And Admiration
Your Mother (Somom mes)

As you go out into the World, take your bright intelligence, your boundless energy, your brave spirit, your creativity, and your vast imagination. Pack all the beautiful things that make you the individual we love so much.

The people you meet in your New World and the things you see may challenge your faith, the things you believe, and the way you were taught. But if you stay true to yourself, you will meet these challenges. You will feel proud and free, and be happy, healthy, and successful.

Take along your sunny smile, your relaxed and happy laughter, and the attitude that you are a beautiful person with the power to be true to yourself.

" ...let us run with perseverance the race marked out for us."

Mindy,

I am very proud of you. Best of luck in years to come.
Love, Yours Truly, Johnnie

On April 29 1983 God blessed us
with the most wonderful gift there ever could be
It was you, our daughter, who we named Toni

First we counted your fingers and your toes
Then we touched your cute button nose.

Over the years we have watched you grow from a little girl so shy
To a wonderful young woman, who is willing to reach for the sky.

We have been through many good times and bad.
Times that were happy, times that were sad.

God has blessed you with the talent of dance.
So don't be scared to use it and take a chance.

As your high school days come to an end.
There's a whole new beginning just around the bend.

Remember we love you, and you will always be
Just as special as the day you were born on April 29 1983

Love,
Mom and Dad

Congratulations

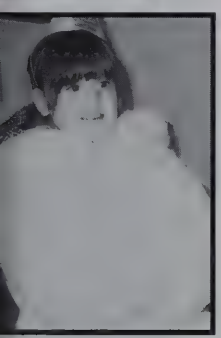
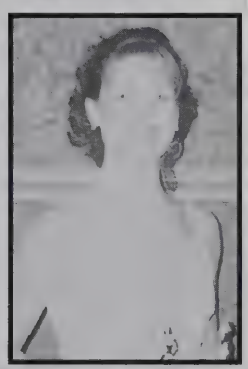
Congratulations

Brooke!





Do not be afraid to love these days. Take them gently and with a consideration for eternity, but take them as your own. Have patience with your dreams and the expectations that others may have for you, but do not defer all hope to the future for there are only so many tomorrows. As you leave through the gates that turn school days into memories, remember the promises you made to yourself in youth when hope was new and continue to nurture such possibilities through time. Strive for excellence in all things but do so in the simple pursuit of happiness and do not forget the loveliness that exists in the world beyond yourself. Take pride in your accomplishments both today and in the days to come. Follow your heart and the counsel of integrity. Above all, be kind. Go in love. May yours be a peaceful journey. And remember that you are loved by many-

Farewell Friend

From Miss Bay High
1971--

He Only Takes the Best

God saw she was getting tired
and a cure was not to be.
So he put her arms around her
and whispered, "Come with me."

With tear-filled eyes we watched her
suffer and fade away.
Although we loved her deeply,
we could not make her stay.

A golden heart stopped beating,
hard-working hands put to rest.
God broke our hearts to prove to us
he only takes the best.

Author Unkown

Bay High and the Bay-Waveland School System lost a dear friend this year. Mrs. Stechmann spent her high school years here. She returned after college, and began her professional career here at Bay High.

Mrs. Stechmann made a great impact on the lives of many students and faculty members over the years. She was a dedicated, determined educator who let nothing get in the way of providing the best for her students.

We, her Bay High family will miss her greatly. We extend our condolences to her family and loved ones. She was a special person, and thinking of her will brighten our day and give us strength.
